The Westfield Public Schools (WPS) is excited to offer this electronic resource to our middle and high school students and their families, to assist you in monitoring your students' academic progress and attendance. With this first release of the Power School Parent Portal, we have all features operating, except the Account Balances and My Calendars components. In the future we plan to expand this service to include more school information, account balances, and the use of My Calendars that will allow students and parents/guardians to synchronize their calendars with the teacher assignments, grades, and school activities. Once we finalize these additional features, we will let you know.

# Understanding PowerSchool Parent Portal with Single Sign-On

The Power of the application comes from understanding what it can do and how it can help you participate in your child's education.

#### Introduction

PowerSchools Parent Portal is a tool integrated into the PowerSchool Student Information System (SIS) used by the Westfield Public Schools and is specifically developed for parents and students. This new program provides a unique login code and password for students and their parents/guardian to login into the system for any student in grades 6-12. This new Parent Single Sign-On feature offers a number of benefits, including:

- access to multiple students grades and attendance with one login
- a personalized account for each parent and guardian
- the ability for parents/guardians to retrieve their own login information

#### Let's Get Started

To get started, you must create your PowerSchool account and attach students.

#### Creating Your PowerSchool Parent Portal Account

Before you can log in to PowerSchool Parent Portal, you will need to create your account and associate students to it. You should have received a letter from your child'school with his/her Access ID and Access Password. These values are needed to attach a student to your account. If you do not have this information or have questions, contact your student(s) attending school or WPS business & Technology Office at 413-572-6407.

NOTE: The Access ID and Access Password for your child should be protected. Only provide this information to individuals who need to monitor your child's progress.
